EXPERIENCE

Job Captain — IA Interior Architects

October 2021 - February 2023

- Producing construction drawings and details with minimal supervision for Tenant Improvement Office projects
- Working with local agencies to obtain drawing permits for construction
- Coordinating with clients and consultants to solve problems and meet specific deadlines

Professor — Academy of Art University

Sept 2022 - Present (Part Time, Online, Open Schedule)

- Establishing key objectives for classes
- Creating curriculum that accomplishes the set objectives
- Writing, administering and grading examinations that test knowledge
- Answering questions and providing support to help them succeed
- Recording student's attendance and grades

Project Coordinator — Facebook, Inc. (Meta)

January 2021 - September 2021

- Managed administrative aspects of client and company projects
- Assisted in logistical space planning for office expansion projects
- Enhanced the experience of using FB's in-house wayfinding software
- Monitored project progress with regards to deadlines and client needs

Project Manager — The Workroom

Oct 2018 - Dec 2020

- Helped merge the office into a larger, more focused firm
- Created client-centered designs, executed within strict budget/timeline
- All architectural aspects of renovations, from modeling to submittals

Designer/BIM Coordinator — HOK

Sept 2017 - Oct 2018

- Helped manage the timeline of a master plan for a 5 mixed-use Building series project, working internally as well as facing clients
- Assisted project manager in construction administration phases
